Admin Panel Workflow

Manage your entire water utility business from one dashboard.

- 1 Login:** Use the credentials above to log in to the web portal.
- 2 Dashboard:** View real-time stats on collections, readings, and active agents.

- 3 **Customer Management:** Go to 'Customers' to view details, history, or add new connections.
- 4 **Reports:** Generate detailed reports on revenue and usage.

Mobile App Workflow

Empower your field agents with our high-performance Android app.

- 1 **Login:** Open the app and log in as 'agent_demo'.
- 2 **Connect Printer:** Turn on your Bluetooth thermal printer and connect via the app settings.
- 3 **Bill Generation:** Select a customer -> Enter 'Current Reading' -> Click 'Generate Bill'.
- 4 **Print:** The bill prints instantly via Bluetooth.
- 5 **Collection:** Use 'collector_demo' login to collect payments if needed.

Neera is a product of **Alornix**.
